## Featured Home

This award-winning remodel was completed by R.J. Landis Design & Construction, Inc. and includes a sunroom, deck and gazebo addition to this home in Worthington Hills. The owners of this home wanted an open, sunlit space to take advantage of the view. A screened

porch was removed and a sunroom added. The second phase incorporated an exterior space into the outdoor needs the owners had in mind.

For more information about this project or other projects, call R.J. Landis Design & Construction, Inc. at 844-6400.
